Summary

AWS Certified Solutions Architect – Associate and Cloud Practitioner with hands-on experience in Wiz-based cloud security assessments, threat investigation, and remediation across multicloud environments. Background in AWS infrastructure, serverless applications, and AI-driven application development.

Experience

Cloud Security Trainee

eSec Forte Technologies

Mar 2026 – Present

Gurugram, Haryana

- Conducting **Wiz-based cloud security assessments** for **one of India's largest telecom operators** across AWS, Azure, GCP, OCI & OpenShift, identifying misconfigurations and workload vulnerabilities through **CSPM and CWPP**.
- Investigating **attack paths, runtime threats, and security incidents** in production; recommending and implementing fixes, supporting incident response, and validating remediation.
- Implementing **cloud and DevSecOps security controls** across IAM, container workloads, CI/CD pipelines, and container images to address findings and **client-specific security requirements**.

AWS Engineer Intern

F13 Technologies

Jun 2025 – Sept 2025

Delhi, India – Hybrid

- Migrated an e-commerce platform to AWS using Lightsail, RDS, S3, and CloudFront, achieving 99.9% uptime.
- Built a serverless facial recognition attendance system using AWS Rekognition, Lambda, S3, and API Gateway with 99% accuracy.
- Developed a multi-vendor inventory system using WordPress, EC2, DynamoDB & API Gateway, improving stock tracking by 75%.

Technical Skills

- **Cloud Security:** Wiz, CSPM, CWPP, Vulnerability Management, Runtime Security, Attack Path Analysis
- **Cloud Platforms/Services:** AWS (IAM, EC2, S3, RDS, Lambda, CloudFront, VPC, EKS, ECS, Lightsail), Azure (Virtual Machines, Blob Storage, RBAC), GCP (Compute Engine)
- **Containers & Automation:** Docker, Kubernetes, GitHub Actions, AWS SAM
- **Programming & Frameworks:** Python, JavaScript (Node.js, Express.js), C/C++
- **Tools & Environments:** Linux, Git, GitHub, Postman, Streamlit, VAPI, ShadCN, Vite

Projects

Push2Prod

2026

Node.js, Express.js, Docker, GitHub Actions, Git, SSH, Cloud VMs

- Built a CI/CD platform that detects MERN, MEAN & Python stacks and generates Dockerfiles and GitHub Actions workflows.
- Automated end-to-end Docker container deployment to cloud VMs through GitHub Actions and SSH orchestration.

YOC.ai – Your Own Coach.AI

2025

Next.js, Firebase, Python, LLaMA, VAPI

- Designed an AI interview coach integrating speech, emotion, and NLP analysis using Whisper, MediaPipe, and LLaMA.
- Built a multimodal coaching workflow delivering real-time feedback for interview preparation.

Certifications

- AWS Certified Solutions Architect – Associate
- AWS Certified Cloud Practitioner

Education

Dronacharya College of Engineering

B.Tech, Electronics & Computer Science

2024 – 2027 (Expected)

CGPA: 8.0/10

Government Polytechnic Ghaziabad

Diploma

2024

Percentage: 72%

Leadership & Achievements

- **Cloud Lead – Victors Club:** Mentored 150+ students in AWS and Cloud Engineering and organized cloud-focused hackathons with INR 1.5 Lacs+ prize pools.
- **Technical Lead – The CyberSapiens:** Conducted cloud security workshops and led security-focused initiatives.
- **Community Regional Lead – TigerGraph:** Led developer hackathons and community meetups across Delhi-NCR.
