Summary

- AWS Certified Solutions Architect and Cloud Practitioner and an engineering student with hands-on experience in cloud architecture, cloud security, serverless applications, and AI-driven systems specializing in AWS solutions.

Education

- **Dronacharya College of Engineering** 2024 – 2027 (Expected)
B.Tech, Electronics & Computer Science CGPA: 8.0/10
- **Government Polytechnic Ghaziabad** 2024
Diploma Percentage: 72%
- **Raman Munjal Vidya Mandir, Gurugram, Haryana** 2021
Class XII Percentage: 86%

Experience

- **Cloud Security Trainee** Mar 2026 – Present
eSec Forte Technologies
 - Analyzing cloud security vulnerabilities and misconfigurations across AWS environments.
 - Preparing security assessment reports with actionable remediation recommendations.
 - Strengthened AWS architecture expertise by earning the AWS Solutions Architect Associate (SAA-C03) certification.
- **AWS Engineer Intern** Jun 2025 – Sept 2025
F13 Technologies Delhi, India – Hybrid
 - Migrated e-commerce platform to AWS using Lightsail, RDS, S3, and CloudFront ensuring 99.9% uptime.
 - Built face recognition attendance system using AWS Rekognition, Lambda, S3, and API Gateway with 99% accuracy.
 - Developed multi-vendor inventory system using EC2, DynamoDB, and API Gateway, improving stock tracking by 75%.

Projects

- **YOC.ai – Your Own Coach.AI** 2025
Next.js, Firebase, Python, LLaMA, VAPI
 - Designed AI interview coach with speech, emotion, and NLP analysis using Whisper, MediaPipe, and LLaMA.
 - Improved interview performance by 85% through real-time multimodal feedback.
- **Serverless Smart Attendance using Face Recognition** 2025
AWS Rekognition, Lambda, DynamoDB, S3
 - Developed automated attendance system reducing manual errors by 95%.
 - Migrated to serverless architecture improving system uptime to 99%.

Technical Skills

- **Programming:** Python, C/C++, HTML, CSS, JavaScript, React
- **Cloud/DevOps:** AWS (EC2, S3, RDS, Lambda, CloudFront, Cognito), Azure VMs, Prisma Cloud
- **Tools:** Docker, Git, Linux, AWS SAM, Streamlit, VAPI, Claude

Leadership & Achievements

- Cloud Lead – Victors Club: Mentored 150+ students on AWS and organized hackathons with INR 30K+ prize pools.
- Technical Lead – The CyberSapiens: Conducted cloud security workshops and contributed to security projects.
- Social Media Manager – E-Cell: Boosted event engagement by 65% through online campaigns.
